PACK FACT

Input Tax Credits (ITC's)

By salary packaging, you can effectively save on GST.

When you package a benefit that attracts GST, your employer will receive a credit for the GST paid from the Australian Tax Office (ATO). This credit is referred to as an **Input Tax Credit** (ITC). After receiving the ITC, your employer will pass back the ITC to you through your salary package.

The full amount will be paid for the benefit, however the amount **less** GST will be charged to your package.

ITC's can be passed back for most items where GST is payable such as:

- Briefcases
- Notebook Computers
- Motor Vehicle Leases
- Electricity/Gas/Telephone
- House Insurance
- Petrol and Repairs
- Public Transport, and even your Remunerator fees!

You can track the ITC's passed back by your Employer with your Remunerator **Employee Statement**.
